Chapter 2 – Managing Events Page

2.1 Create event

1. Click “Create event”.
2. Enter event title (mandatory).
3. Select event type.
4. Select event category.
5. Click “Continue”.

This screenshot shows the top portion of the 'Create event' form. A red line connects the numbered steps to their corresponding UI elements: 1 points to the 'Create event' button, 2 points to the 'Title' input field, 3 points to the 'Type' dropdown menu, 4 points to the 'Category' dropdown menu, and 5 points to the 'Continue' button.

This screenshot shows the bottom portion of the 'Create event' form. Red lines connect numbered steps to their corresponding UI elements: 6 points to the 'Lecturer' dropdown menu, 7 points to the 'Start-date' input field, 8 points to the 'End-date' input field, 9 points to the 'Start-time' input field, 10 points to the 'End-time' input field, 11 points to the 'Number of tickets' input field, 12 points to the 'Price' input field, 13 points to the 'Discount' input field, 14 points to the 'Create' button, and a separate box labeled 'Clear all input fields' points to the 'Clear fields' button.

6. Select lecturer according to selected category.
7. Select event start-date (can be left blank).
8. Select event end-date (can be left blank).
9. Enter event start-time (can be left blank).
10. Enter event end-time* (can be left blank).
11. Enter a number of available event tickets (digit only, can be left blank).
12. Enter event price (digits only, can be left blank).
13. Enter event discount** (digits only, can be left blank).
14. Click “Create event”.

**As per design, event end-date will be initially set the same as event start-date, but this can be changed by entering a different event end-date.*

***Discount will be set to 0 if selected event type is a journey.*

2.2 Search events

1. Click "Search events".
2. Select search criteria (Title, Type, Category, Lecturer, Status) from a drop-down menu.
3. Enter search key-word
4. Click "Search".

The screenshot shows a 'Search events' dialog box. It has a title bar 'Search events' with a dropdown arrow. Below it is a label 'Select search criteria:' followed by a dropdown menu currently showing 'Title'. Below that is a label 'Enter search key-words:' followed by a text input field. At the bottom is a 'Search' button. A red box labeled 'Search results' points to the area below the input field, which contains a list of search results. The first result is 'Inbetween lives, Lecture, Reincarnation, Richard Gombrich'.

1. Click "Search events".

2. Select search criteria (Title, Type, Category, Lecturer, Status) from a drop-down menu.

3. Enter search key-word

4. Click "Search".
